Practice workbook · High-level and low-level languages

Characteristics of high- and low-level languages, their benefits and drawbacks, and why a task suits one or the other.

5 question parts: 1 worked-example retry and 4 further practice parts.
Name: _____ Class: _____ Date: _____

Practise one question type at a time. Attempt the part inside the red boundary; the rest of the question and any figures are kept for context. Write your working in the answer space.
